INTRODUCTION TO FLORIDA'S AIRPORTS

LEARNING OBJECTIVES

This module provides an overview of State and Federal airport classification systems and Florida's airport system.

1. Introduction to Florida's Airports

2. The NPIAS & ASSET

3. Florida's Airport System

4. Airports in Action

INTRODUCTION

FAA's National Plan of Integrated Airport Systems (NPIAS)

- Biennial report to congress with 5-year AIP estimate

- 3,295 existing and proposed airports essential to national air transportation needs

- Inclusion is a requirement for FAA AIP eligibility

- Current version: 2023-2027 NPIAS Report (Released September 2022)

General Aviation Airports: A National Asset

- Airport System Strategic Evaluation Task (ASSET)

- Better communicate the roles and functions of GA airports in the NPIAS

- New GA airport categories

- Justification for funding
